

# Sterling Services

Architectural Precast Specialists

## St Catherine's College, Oxford

St Catherine's College boasts various types of precast systems from architectural precast louvers to structural precast columns and structural internal precast walls with integrated cantilever staircase.

The structural precast walls were cast on site due to the size and weight.

### Materials

Precast concrete - Granite Grey  
C40 mix design

### Duration

18 months

### Contract Completion

January 2005

### Contract Value

£600k
